# Welcome

**Welcome to the 20th Annual Meeting of the Egyptian Ischemia Association / COMBAT MI 2026, held March 25-26th at the Gewan Hotel (Tolip Golden Plaza), Cairo.**

**The meeting addresses the latest pharmacology, strategies, and interventions in ischemic heart disease, atherosclerotic heart disease, acute cardiac situations, target organ damage, and interventional cardiology. It highlights the latest practices and education in the cardiology field through case-based discussions.**

**Special sessions include the Ischemia-Antithrombotic Forum, addressing the ever-growing field of antiplatelets, anticoagulants, and blood thinners in different clinical scenarios; the Heart Failure-Hypertension Forum, discussing modern updates in the management of heart failure and hypertension in a stepwise, guidelines-based approach; and the Atherosclerosis-Diabetes-Target Organ Disease Forum, discussing the latest updates and management in these fields.**

**The meeting is internationally endorsed and held in collaboration with the C3 / Interventional Academy (USA), the SCAI (Society for Cardiovascular Angiography and Interventions), the ACVC (Association for Acute CardioVascular Care) of the ESC (European Society of Cardiology), and the ARCH Meeting (USA).**

**The course is designed for cardiologists of all levels, interventional cardiologists, and intensive care physicians, with content offered at an escalating level of expertise.**

**Your contribution as a faculty member or attendee will definitely contribute to the success of this course.**
